# THE COMPETITION PROGRAM

COMPETITIONS & EVENTS  
FOR LL STUDENTS

---

# LET'S COMPETE!

## WHY IS COMPETITION IMPORTANT?

Competition is a chance to execute on skills that have been learned in the classroom. Participating in tournaments sharpens competitive instincts and allows students to benchmark their progress against others, and collect tangible achievements to help validate their hard work.

## HOW DOES LEARNINGLEADERS PREPARE STUDENTS FOR COMPETITIONS?

LearningLeaders offers three tiers of preparation and support for students attending competitions with us. We maintain a Competition Calendar which can be found on the student Discord server. We also circulate details of major competitions among students and parents.

The **Competition Preparation Plan** is extended to all students who sign up for online tournaments with LL. Included in our coaching fee is all tournament registration, 2 pre-scheduled team prep sessions, case materials, and online support to students during the competition.

Our **Competition Concierge Coaching** service is for competitive students who want the most personalized and intensive coaching. Included in this premium coaching fee will be 4 team prep sessions, scheduled around students' timetables, and the exclusive support of an LL coach during all rounds of the tournament, who will watch all of the team's debates and give them feedback immediately afterwards. In addition, the coach will share an individualized report with parents after the competition.

Students travelling to **Offline Competition Trips** will benefit from LearningLeaders' many years of experience in putting on high quality, educational, safe – and fun – travel trips. Since 2014, we have taken hundreds of students to over a dozen countries for tournaments since 2014. Accompanied by top LL debate coaches, students on competition trips will travel as a squad to and from tournaments. We arrange all transport, accommodation, and meals, as well as cultural and educational excursions on longer international trips.

# HOW TO JOIN

## CONTACT OUR TEAM REGARDING UPCOMING COMPETITIONS

Contact our Community Team to register for upcoming competitions. You will also be added to the Monthly BuLLetin with announcements of all upcoming events.

There is no need for a Placement Test.

As competitions will remain online for the foreseeable future, we encourage any student interested to compete in Speech & Debate events join us in our regular training sessions.
